### **I. South Beach Tow**

#### *Roles and Responsibilities*

“South Beach Tow” is a hit half-hour reality series on TruTV from Executive Producer Jennifer Lopez. As editor, my primary responsibility was to refine each scene from the “story edit” stage into a concise, compelling finished scene with proper pacing, emotional beats, sound bites, dramatic sound design, music, and graphics. I also edited fancy, music driven, transitional montages, and assembled finished shows.

#### *Skills Utilized*

1. Scripted/Reality TV Editing
2. Dramatic Sound Design, Music selection/Scoring

*Project Timeline*      8 Episodes from January 2012 to April 2012

---

### **II. Rock Stars**

#### *Roles and Responsibilities*

“Rock Stars” was a 10 one-hour episode reality series that aired on National Geographic Channel in late 2011. As a primary series editor of this unscripted reality/docu-drama, my responsibilities were to find and build compelling scenes/storylines from scratch without a script. Help write narration to facilitate storylines and character development. I worked independently and in supervised edit sessions with the Director and Executive Producers to edit, review and refine scenes. I executed network notes and final changes to shows before mix and layoff.

#### *Skills Utilized*

1. Reality/Documentary Editing
2. Story Development

*Project Timeline*      8 Episodes from March 2011 to December 2011

---

### **III. Ultimate Fighting Championships**

#### *Roles and Responsibilities*

UFC is a combat sport event that is broadcast live around the world 2-3 times per month. Using Avid Media Composer I quickly edit highlight packages, mini-features, and various elements to be used during the live show.

#### *Skills Utilized*

1. Editing on Avid Media Composer 5.5 using Avid Unity Server and Avid Nitris DX .
2. Music driven montage

*Project Timeline*      10 Live Broadcasts from May 2012 to August 2012
